Make sure everyone understands this and we don't say anything.

Stephen,
VERY VERY IMPORTANT. I had to pull a ninja move to get all this training coordinated but especially the modifications to the schedule done. **It is VERY VERY IMPORTANT that the 3 guys do not mention to anyone Tuesday through Friday in Bulgaria that they were in Belarus or did any training on KONKURS.** I said the reason for the schedule change is our guys got called out on a mission. Especially do not mention to Alexander who will be coordinating in Bulgaria anything. **He will be very upset with me if the reason Monday training in Bulgaria got moved was because of training in Belarus.** There are a lot of favors on mind end that will need to be owed just to get Belarus done, not to mention the change for Bulgaria. Nobody knows that our guys will be in Belarus. Same for VMZ. VMZ is technically still closed because of the explosions from the last few months. This was not easy to pull off this training there either.

I just need no loose lips. Just yes sirs, no sirs and minimal speak from them. Learn the platforms and off they go.

PLEASE CONFIRM this email and CONFIRM all 3 guys clearly understand this.

Thanks.
Will

I'm in the middle of a HS graduation - but if we need to schedule a teleconference later this afternoon or tomorrow...let me know!

Joe,
No problems. I'll know Monday/Tuesday if we get the VISAs approved for Belarus and then we can work with you on logistics for getting the guys up there for 8-10 hours training Thursday/Friday on KONKUR Simulator training. We are definitely a go for June 1 training at VMZ for SPG9 and RPG7 training. Michael or myself will keep you updated daily.

Will
