Michael D,  
Training is set in Belarus for Thursday and Friday. Right now you have about 8 hours each day on a KONKURS Simulation Unit. Whether you are there Thursday and/or Friday, my costs will be the same. I had to pay extra to expedite this schedule and then a cost for usage of the unit. Training at VMZ will not start until Monday June 1st. I'm not sure if your guys will need a full five days. **You will have training on RPG7s, SPG9s and if desired although I would check with Purple Shovel - AGS17s. Those aren't on the current requirement, but I'm told they may be of interest.**

Let me know what you guys want to do so I can schedule accordingly.

Will
